Success of Kid Power

The success of Kid Power is shown in the numbers from the 20-21 school year.

- **87%** of students who participated in Kid Power school year programs understood why it was important to help others.
- **100%** of parents/guardians reported that their students gained confidence in expressing themselves and advocating for others.
- **61%** of our students increased their reading levels or sustained "at grade level or above"
- **60%** of our students increased their grade levels for math.
