ALIMA – The Alliance for International Medical Action

ALIMA is a humanitarian medical organization committed to transforming the way humanitarian aid is delivered through local partnership and innovation. An African-led organization based out of Dakar, Senegal, ALIMA's programs span the treatment areas of malnutrition, infectious diseases, epidemics, maternal and child health, pediatric care, reproductive health care, mental health support, and natural disaster response.

The majority of ALIMA's patients are women, children, refugees and internally displaced persons (IDP)'s.
